

Peebles Monument Company provides quality monuments to Somerville and surrounding areas in West Tennessee and Northern Mississippi. For your convenience, we have on display a large selection of granite memorials with designs. In addition to the many designs that we have on our display, we will assist you in creating a custom memorial with a portrait or design. Our products and services include the following:

- Single & Double Markers
- Single & Double Upright Monuments
- Engraving Dates of Death on Existing Monuments
- Cleaning & Repairing Monuments
- Estate Monuments
- Crypts
- Benches

In addition to sand carved flowers and scenes we also offer laser etching and hand etching. This is accomplished with a laser or a diamond tipped tool. Here is an example of one of our most recent etching jobs.

We offer our prayers and condolences to all who are grieving the loss of Randy and Penny. We hope to see you at the service on Monday, June 14th, 10:00 AM at the Sisco family home. We look forward to taking you home with us.
